## EXPERIENCE

---

11/2023 – Present

**Business Information Analyst Sr,** Elevance Health – Remote

- Evaluated current systems and processes, identified gaps, and collaborated with the team to enhance operational efficiency.
- Discovered opportunities to automate manual processes by leveraging technology solutions.
- Crafted custom reports using tools like Power BI to align with user requirements.
- Manage and update a SharePoint site by modifying forms, ensuring the data collected is effectively utilized in a connected dashboard for actionable insights.

07/2022 - 11/2023

**Business Info Analyst II,** Elevance Health – Remote

- Streamlined data collection processes to enhance accuracy and efficiency in analytics project execution.
- Performed insightful ad hoc analyses to investigate and resolve ongoing or one-time operational challenges.
- Engineered reports using SQL queries to effectively analyze datasets containing millions of records.
- Automated form inputs on a SharePoint site to streamline data entry, enhancing efficiency and reducing manual effort

10/2020 – 01/2022

**District Manager,** Waffle House – Biloxi, MS

- Oversaw all personnel-related activities within the district, including recruitment, hiring, performance evaluations, and disciplinary actions.
- Analyzed financial data for each store to identify opportunities for improvement and growth potential.

- Delivered ongoing coaching and training to store managers to enhance productivity and profitability.
